## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Eugene Mar on 9/2/2004.

The application has been amended as follows:

In the abstract of disclosure, lines 2 and 4, change "means" to -- lock --

### ***Allowable Subject Matter***

2. Claims 1-6 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art does not teach the supportive walker as recited in claim 1, which includes a pair of limitations plates and at least one safety means. The limitation plates are respectively connected to a front frame and each limitation plate have a passage defined therethrough, a connection bar connected between one end of a rear frame and movably extending through the two passages of the two limitation plates between an extended position and a folded position. Each safety means comprise a mounting unit and a control unit. The mounting unit being fixedly mounted on the limitation plate and

having two outwardly extended side wings each including a sliding slot. The mounting unit further defines an opening in a middle part of the mounting unit. The control unit being set between the side wings of the mounting unit. The control unit comprises a set of sliding channels on a middle part thereof corresponding to the sliding slot at each side wing and an inner protruding block corresponding to the opening of the mounting unit. The control unit also comprises an actuating device having a hole corresponding to the sliding slots of the side wings and the sliding channels of the control unit such that a pivot pin adapted to pivotally connect the hole of the actuating control unit for enabling the actuating device to be operated to move the pivot pin along the sliding slots and sliding channels. This recitation, in combination with the rest of the recited elements, clearly defines over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Fernie et al. discloses a walking aid, Lee discloses a front frame lifter for a walking supports, Luo discloses a configuring frame of walker, Che discloses a walking frame for disable persons and Keuning discloses a walking carriage.
